Dear Sam:

I received the history sheets filled out by Dr. Waterhouse. Tell her that we will be very glad to get the laboratory data if she can make it available. Also, express our sincere appreciation for the work she has already done.

I have just returned from an extended trip and have not had time to look into the matter of our paying for hospitalization. I will try to do so as soon as I have been able to see Dr. Shipman.

You might be interested in knowing that we have analyzed Mr. urine samples that were sent to us by Dr. Waterhouse and Joe Howland. The analysis gave us a point which was only 10% off from our predicted curve. This is a very gratifying result. I am confident that our excretion curve is as good as it looked when you were here.

Sincerely yours,

WHL/s

Wright H. Langham
